## JAPANESE LILY BULBS.

The interruption of export of Lily Bulbs to Europe enables us to quote prices especially favorable to importers in America. The large stock on hand makes it possible to select the finest and largest bulbs so that the present opportunity is unusually favorable. Moreover, the probability of increased business activity in America seems to make the time suitable for placing these bulbs before the public.

The varieties and quantity on hand are approximately as follows:—

<b>Lilium Longiflorum...</b> ... ..	30,000
<b>Lilium Longiflorum Formosum</b> ... ..	400,000
<b>Lilium Longiflorum Multiflorum...</b> ... ..	30,000
<b>Lilium Auratum</b> ... ..	100,000
<b>Lilium Longiflorum Giganteum</b> ... ..	1,000,000
<b>Lilium Speciosum Rubrum</b> ... ..	200,000
<b>Lilium Speciosum Album</b> ... ..	200,000
<b>Lilium Speciosum Magnificum and Melpomene</b> ... ..	200,000
	2,160,000
	2,160,000

Intending purchasers can fully trust on us, as we have been used to ship to New York market for over 15 years through a Bulb importer, of the same city who has lately dropped off in business to the extent of value \$25,000 or over 1 million of bulbs.
